Toilet Roll Holder

Product Type

Toilet Roll Holder

Production Process

Extruded Aluminum Profile with Zinc Alloyed Metal Bracket, Powder Coated Aluminum.

Dimension (cm / in)

H: 2,5 cm / 1"

W: 14 cm / 5,5"

D: 8,7 cm / 3,4"

Weight item (kg)

0,15 kg

Materials

Powder Coated Aluminium, Powder Coated Zink Alloy

Colours

Black (RAL 9005)

White (RAL 9016)

Packaging Type

Giftbox

Packaging Measurement (H * W * D)

4 cm * 15 cm * 9 cm

Care Instructions

Use a soft dry cloth to clean. Do not use any cleaners with chemicals or harsh abrasives.

Avoid using water.

W: 14 cm / 5,5"

D: 8,7 cm / 3,4"

H: 2,5 cm / 1"

The Toilet Roll Holder shares the Towel Bar's visual identity, adding a geometric and sophisticated aesthetic to the bathroom space. The holder is shaped to make roll-changing a breeze - and to ensure the roll doesn't slip off. As with the Towel Bar, both the bracket and bar of the Toilet Roll Holder now come in black or white powdercoated aluminum.

About the Designer

Founded in Copenhagen in 2008 by Jonas Bjerre-Poulsen and Kasper Rønn, Norm Architects specialise in residential architecture, commercial interiors, industrial design, photography and art direction. Today, the group regularly collaborates with MENU, helping to drive the evolution of the brand and its product offerings. Norm Architects' name reflects the group's emphasis on the importance of drawing inspiration from norms and traditions within architecture and design - particularly the Scandinavian design principles of timeless aesthetics and natural materials, and the modernist values of restraint and refinement. Guided by these principles, Norm Architects produce design that unites good materials and craftsmanship, while embodying beauty, traditions, history and, most importantly, timeless simplicity, where there is nothing more to add or take away.

Norm Bath Toilet Roll Holder

Norm Architects set out to create a complete suite of bathroom accessories with precisely this effect. Uniting simple geometry and clean materials, the thoughtful Bath Series designs channel Norm Architects' love of minimalism and functionality.

The Bath Series pedal bins, mirrored-lid container, toothbrush holder, soap pump, toilet roll holder, and toilet brush hold and hide objects in delightfully modern forms. A pared-down, handy wiper keeps shower areas clean and hygienic. Fun, versatile knobs, a towel bar, and a sculptural towel ladder with a leather strap help organise towels or bed linens. And simple, geometric mirrors serve to expand your space and add visual interest while reflecting you and the world you create.

The series is made of powder-coated steel with a matte black or white finish for an elegant, tactile, and easy-to-clean exterior. On their own, each of the Bath Series elements carries enough design value to serve as a focal point in the modern bathroom. Together, they make it easy to curate a zen experience that meets every need while pleasing the senses.

Notes to Editor

MENU is a Scandinavian design brand with a simple purpose: to make the world more beautiful, less complicated, and a little bit nicer to wake up to.

Since 1978, we have harnessed the skills of top designers and craftspeople in Scandinavia and around the world to create contemporary design that is clean, clever and natural. These principles culminate in an aesthetic we call soft minimalism. Together with our Danish Modernist roots, this concept serves as a foundation for our designers as they find new ways to unite our heritage with a fresh vision for modern living, reimagining mid-century modern values to bring irresistible new ideas to people and spaces. Your chosen objects will be with you for years to come. We know every decision you make is important, and we want nothing more than to bring joy, beauty and ease to the process of designing your space. It's why we exist and what we do best.
